Description:

Lindner was responsible for the interior fit-out of the Musiktheater Linz with all acoustical effective surfaces. We furnished the auditorium and the main rehearsal room with ceilings, floors, wall cladding and balcony fronts. The ceiling consists of NORIT-Industrial Boards, some of them with real wood veneer, which stand out due to their complex 3D forms. Balcony fronts and a 3D shaped, reflective wall cladding, coated in "beaten" gold, create a comfortable environment.
