Essen, Germany

General:

Concept/Product: , ,

Building Type: Office buildings

Client: ThyssenKrupp AG

Architecture: JSWD Architekten

Completion: 2009 - 2010

Description:

The ThyssenKrupp Quartier in Essen is the new headquarter of the company and provides space for 3,000 people. Lindner fitted hollow- and raised floor systems in the buildings Q5 and Q7. In the building Q2, the forum, we carried out high quality dry lining works in the meeting rooms, the lecture hall, in the "Raum der Stille" and the employee and guest restaurant. ThyssenKrupp was awarded the DGNB Certificate in Gold.

Completed Works:

Hollow floor systems

CAVOPEX

Raised floor systems

NORTEC

Plasterboard ceiling systems

Plasterboard ceilings

Perforated plasterboard ceilings

Plasterboard ceiling canopies

Plasterboard partition systems

ThyssenKrupp Quartier
