

# PUBLIC SWIMMING POOL IN C

## Reference

### Hamburg, Germany

---

#### General:

**Concept/Product:** ,

**Building Type:** Baths and public pools

**Architecture** czerner.göttsch architekten gmbh

**Completion:** 2019

#### Description:

The traditional outdoor pool in Hamburg-Ohlsdorf was replaced after more than 40 years by a modern new building. The people of Ohlsdorf now use a sports and family pool area with a divisible 50-metre swimming pool, a training pool, whose bottom is adjustable in depth, and a paddling pool. Lindner's responsibilities included carrying out plasterboarding works and installing wooden doors, the latter of which partially needing to comply with T30 fire protection requirements.

#### Completed Works:

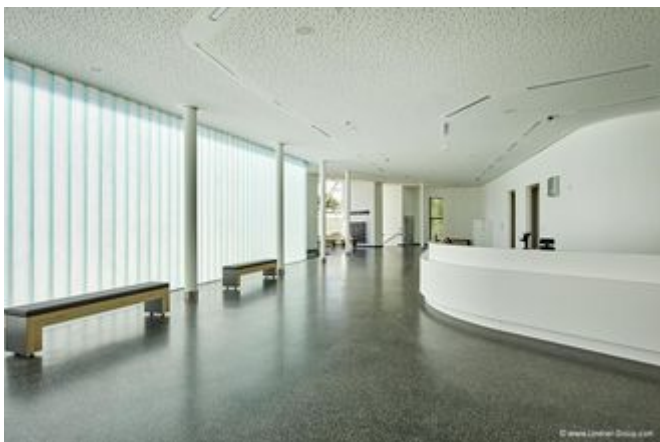

##### **Plasterboard ceiling systems**

Mineral fibre ceilings

##### **Plasterboard partition systems**

##### **Wooden doors**

Fire protection doors

Public Swimming Pool in Ohlsdorf
