

A photograph of a modern lounge interior. A long, white, rectangular table is positioned in the center, surrounded by grey office chairs. The ceiling is made of white, curved, slatted panels. The wall on the right is made of light-colored, rectangular bricks. A large window on the left side of the room provides a view of the airport tarmac. The floor is made of light-colored wood.

MUNICH AIRPORT - VIP LOUNGE

General:

Concept/Product: , , ,

Building Type: Airports

Client: Flughafen München GmbH

Architecture: Architekturbüro Tina Aßmann, Erich Gassmann

Completion: 2011

Description:

Munich Airport, with transit passengers making up 37% of all passengers passing through, certainly is one of the most important airport hubs in Europe. Terminal 1 holds up to 25 million passengers and its new VIP lounge, located in Module D South, helps well-heeled travelers pass their waiting time in exclusive lounge and service areas. Lindner furnished the new VIP lounge with its premium dry lining systems.
